Summer is just getting started!

Our team consists of some new and familiar faces, all eager to support and help the center thrive.

This season's Marketing and Outreach Students **Michel** and **Viktor** are focused on building connections with sponsors, other organizations and community members. They are also planning an end-of-summer-event that FRC will host annually.

Jennifer is our Multicultural Connections Intern working alongside Executive Director, Carrie Goldberg, to make the various cultures present in our community aware of the services available to them. Our goal is for individuals of all backgrounds to understand one another and have easy access to the services offered.

Kate, Heidi, and Kayla are all dedicated to social work and are creating new and improved Social and Study Skills programs for the various age groups we service.

Jessica is responsible for FRC's digital content and online presence, including the Newsletter and Website.
